PROFILE

Video creator with about three years of commercial filming and editing. I combine traditional production with generative AI and build product ads and character-led videos end to end: concept and script, shoot or image generation, animation, voiceover and lip-sync, edit and sound. I care about visual continuity, natural movement, product accuracy and a story that holds together.

EXPERIENCE

Video Content Creator

KULIK SYSTEM · Feb 2026 – present

- Concepts, scripts and shot sequences for product advertising, B2B communication and social media, with AI in ideation and production.
- AI characters and product scenes that keep facial identity, chair geometry, materials and lighting consistent across sequences.
- Animation, AI voiceover and lip-sync; final edit with footage, music, sound and titles in DaVinci Resolve.
- Product and showroom shoots with camera and lighting setups, delivered in 16:9, 9:16 and 1:1.

Videographer & Photographer

W&A Detailing · Jan 2024 – Jun 2025

- Filmed and edited advertising videos on my own and photographed automotive detailing: vehicle care, craftsmanship and the finished result.

Videographer & Video Editor

Freelance · 2023

- Photo and video for barbershops, beauty services, fashion, restaurants, interiors and events: shot planning, camera, lighting, audio and the final short-form edit.
